FLOOR DEBATE

January 18, 2002 LB 830, 1192-1199

what I am asking, you answered it so that I understand now.

SENATOR BROMM: Okay.

SENATOR CUDABACK: Thank you, Senator Chambers. Any further discussion on advancement of LB 830? Seeing none, Senator Bromm, did you wish to close on LB 830?

SENATOR BROMM: Very briefly, I want to just make an additional comment to what Senator Schimek mentioned about the alphanumeric situation and because it's an opportunity to do that, to tell you a little bit more of what she is referring to. When we did that, the primary motivation for doing it and the request from those large counties was we can save a substantial amount of money if we allow the alphanumeric system and we don't have to pay for a lot of storage, and we're running out of numbers and that kind of thing, and the plates would be interchangeable between the three counties. We have received some indication this end of the year 2001, beginning of '02, that maybe, at least in one of those counties, there isn't the savings that...that have been told to us on the fiscal note. So we are trying to set up a meeting to more fully understand that, and it's a little bit early to make a judgment on that because their fiscal year, the new fiscal year, where that'll really show up, begins this coming July. So we are going to follow up on that. We'll see what information develops and we will be sure to report that back to you. With that, I'd just ask the body to consider advancing LB 830. Thank you.

SENATOR CUDABACK: You've heard the closing on advancement of LB 830 to E & R Initial. All in favor of that motion vote aye, opposed nay. Voting on advancement of LB 830. Have you all voted who wish to? Record, please, Mr. Clerk.

CLERK: 33 ayes, 0 nays, Mr. President, on the advancement of LB 830.

SENATOR CUDABACK: LB 830 does advance. Mr. Clerk, items for the record.

CLERK: Mr. President, I have new bills. (Read LB 1192-1199 by
